International

Date: 15-10-2023, number 92

Friends of the Jesus Revelation through the writing servant and writing prophet Jakob Lorber feel connected to all people of the world as creatures and children of one and the same Father. This Heavenly Father embodied Himself in Jesus Christ about 2,000 years ago and did not manifest Himself as Savior and Teacher until age 30, for three years. The spirit friends of the Divine Revelation recognize in this eternal declaration a new and great Word of God and aim to achieve a joyful mutual exchange.

ELIA will come once more

Reading this heading raises the question of when or in what timeperiod this Elijah will return. A question to which the answer is not immediately obvious. When we look at and describe the current world situation, everyone can count on their fingers that it is a big mess on Earth. It seems that everyone needs more material gain. This is already happening with ordinary people who want to emulate the rich in small ways. Yes, they want to acquire earthly gain, acquire earthly goods, or pursue a best-paid position. There is nothing wrong with the latter.

The man seems to have (become) a worshipper of a material god. The borders of most countries are hardly guarded anymore or not at all. Does humanity no longer guard its spiritual borders? Today's worldly man lives like a heathen, except for the spiritually oriented man.

There are worldly laws, but they are pretty much exceeded, accompanied by neglect. We need only to look at the state of the environment today. Good regulations are being ignored. The pollution and poisoning of Mother Earth is increasing at an alarming rate. The earth (Molda or Gea) is being molested. Not only on the Earth but also above or below it are the polluted skies, seas, and rivers. The nature spirits are suffering. There is much more than just air, earth, water, and fire.

Human life is not only dependent on this Earth but also on the elements. We are surrounded by legions of (nature) spirits. When these spirits live peacefully and do their work well, this has its counterpart in matter, air, and the sea. When man disturbs the earth, air, and sea (environment), they become restless and this causes a chain reaction in the elements on every level such as storms, earthquakes, forest fires and floods.

Here's a nature photo. Nature spirits in the sky are under pressure

Here, for example, one can observe very well the battles in the second sky area, where the lower nature spirits join together and form a front upwards (thundercloud on the right, holding together), but are still defeated by the higher nature spirits. It is often the case that the group from above dissolves (cloud on the left, above) and emerges as a strengthened potency. This is what J. Lorber describes in the book 'The Earth and the Moon'.

In itself, the sky above the drawing seems to be 'normal' and nothing seems to be seen, but could it not be said here that there is peace in the sky above? But at that moment there was probably a thunderstorm miles to the south, where lightning flashed and the contending spirits were hurled to earth in hail. Similar to Lucifer in primeval times, who was also hurled into the depths by his arrogance, for he who rises too high without being legally entitled to this, must also come down again.

The nature spirits who thus dwell on, above, and in the earth suffer greatly, resulting in ever-increasing unrest among them through all kinds of natural disasters (troubled seas, floods, unprecedented rainfall (torrential rains)).

More and more people are becoming more ruthless and mean, and that brings a lot of brutal violence. In addition, new diseases appear. Lorber writes, among other things, about diseases: **'There is a third kind of origin of diseases, namely violent injuries, which also have a disturbing and often fatal effect on the organism.'**

And it is self-evident that there can be two kinds of injury, either external or internal'. [HIM 1.410130.6] (This is caused, for example, by the Covid injections!).

Money is losing its value and the biggest banks in the world are threatened with bankruptcy. And then there are the millions of refugees pouring into our Europe from eastern and southern countries.

As described, borderlessness is increasing. A disturbing fact. Since most countries have their borders open, there is little control over what comes in or what goes out. (e.g. drugs). Now that we have sketched a little of the current world picture, we can understand or comprehend these world events. It seems that world leaders want to follow one hidden world leader (WEF).

In 1984, it was predicted that a time would come when everything would be reversed. Lies would be taken for truth, a man and a woman could be a woman and a man at the same time. Paedophilia would be promoted. The Bible would be a book of lies and God would no longer exist and much more of these things. It was George Orwell who wrote all these things in his book in the last century.

In 2024 it will be exactly 40 years since George thought about the future in this way. Forty means time. Important events often take place 40 years after a future prophecy. Forty, four hundred or four means "time".

If you take the name Ge OR Ge OR Well apart, the syllables OR and GE are particularly striking. The word OORLOG (The Dutch word for war) is also embedded in its syllables, as also the word OR which means light.

In this day and age (anno 2023), the 'world leadership' is trying to limit human freedom by installing artificial intelligence in the body and administering as many unnecessary flu and COVID19 injections as possible, which can have a negative effect on the body in the long run.

The Bible speaks of an apocalypse, which means "reveAling", "unveiling" or "revelation". The apocalypse has already taken place in secret through John's New Revelation.

The Christian clergy have no idea of the existence of the Jacob Lorber works or have only heard of them indirectly. And if they did come into contact with it or heard about it, they would not dare to comment on it. They would lose their "direction" and their spiritual position would be endangered. With this new teaching, their world of thought would be affected, and only a lot of criticism and protest from the church members could be expected.

When we speak of the "end times", it means that a new age will begin. The end of a period of time is usually accompanied by great turmoil and "turning points". Time means "duration of time".

Time can never "perish", and this is a wonderful concept. It can be experienced differently by each person and it has snapshots. We often say 'a moment' or 'instant'. The movement of the eyelids is already a fragmented part of time and the image is photographed in the brain as a fraction of this fragmented part of time. (The eyelids blink a fraction).

The end times, however, are a time of change, a new page in which great changes are imminent. Every great change is preceded by a stormy process. A climatic change also takes place within the human being. Climatological, depression can be driven out by a big storm. Depression does not want to move, and depressed people do not want to leave. Big storms force the depression to move and drive the depression away, it dissolves. People suffering from depression have to be challenged to exercise, "forced" to move

The climate is partly manipulated. Climate changes are also caused by a polluted environment. We regularly see the chemical traces (nanoparticles) of "chemtrails" in the sky. A pilot in the southern Netherlands has admitted that he was hired to draw such traces in the sky. The air traces produced contain chemical substances, including aluminum, a substance that causes Alzheimer's disease

When we read Matthew 24:21-24, it awakens associative thoughts that are possibly connected to the year 2024. The Bible texts of Matth.24:21-24 refer to our world event. The whole chapter gives clues and warns us to constantly prepare.

There will come a great suffering (oppression) such as has never been in the history of the world and never will be again. These days (= years) will be 'shortened' for the sake of the people who seriously prepare themselves.

The New World Order wants to subject humanity to the so-called 'great reset', organized by industrial billionaires, a powerful elite. One has to be blind to close one's eyes to this overt event. Such events will soon create great chaos and confusion among people. There will be uprisings in many countries. Wars will be unleashed here and there by the great leaders of the industrial world (war is a good business model!). The Antichrist will still be allowed some time to go against the divine order.

Who will dare to speak his name in the end times, said Jesus Christ. The Sanskrit word **Krishna** means '**sky-blue**'. The great 'expanse' as the firmament like Heaven knows its infinite space and is unimaginable without a beginning and end. The Lord is infinite. The Deity inhabits all material creations in the unmeasurable universe as God in All-Being.

The vast majority of humanity lives in an illusory world. Connectivity is through satellites. Every human being can be connected to another (telephony, walkie-talkie). For the vast majority of people, spiritual connection is ignored. However, more and more small groups of people communicate with each other spiritually and form a large association with other small groups.

At the same time, the dark world is trying to manipulate, indoctrinate and intimidate people. Brain chips are inserted into people and animals (including children) to influence free will and the psyche. They are tracked everywhere because the brain chips act as antennae. The super technology is based on the imitation of light. Each (brain) chip contains lithium, which is a good conductor.

Lorber writes somewhere that the earth is a school (Sheol) of learning, but also a kind of hell in its lightest form. The actual hells (the first, second, and third hells) are in the spiritual realm under the earth. Hell or heaven is obviously in man himself, and when he resonates with it, he is already in these spiritual realms. But what is happening on earth now is a hell situation.

If anyone still believes that CO-2 emissions need to be reduced, that is a big fairy tale. The powerful, rich world order is not out to develop clean energy on earth, it just wants money (at the expense of the poorer) and pockets it with trivial actions. The doers always find the guilty. They will one day reap what they have sown.

Little David struck the great giant Goliath with a small stone, whereupon the latter was stunned and David could then easily kill him. In this way, the spiritually minded person can defeat every great world lie with his pure truth in this decisive time of transition.

There is much in every man who is a little awake and who has spiritual power. Where two or more come together in the name of the Lord, the light is fully effective.

Will Elijah come during this time? Yes, says the Lord in the writings of Jacob Lorber: 'There are many Elijahs who will announce the coming of the Lord, but the true ELIA will come only at the end of the worldly matter!'

Elijah is called the greatest prophet of all time. (Spiritual Sun2-78:5). Isaiah and Samuel were also prophets of the first rank in the Old Testament. (KJ273:7). See further: (GGJ2-175:18). Elijah represents the new soul. (GGJ3-195:9)

Lorber quotes the Lord in GGJ5-235:9 about Elijah: "At the end of the earth times, you will once again be embodied on earth as a human being, but no longer with a closed inner spiritual eye, but even brighter than in the earlier times (earth lives) under the name Sehel and later Elijah.

In John the Baptist dwelt the spirit of Elijah (GGJ5-237:3) Elijah was the forerunner of the Lord. (GGJ6-9:1)

Since Adam there have been a thousand Elijahs who prepared and are still preparing in various ways for the coming of Jesus as the holy FATHER. We should find the Elijah within ourselves and then, each of us as an Elijah, do inner contemplation. We purify ourselves by spiritual fasting to receive the coming of the FATHER, i.e. Jesus Christ, within us and enter His kingdom purified and gifted with all power and glory. (HIM3-470.103.3)

John the Baptist was also the same angelic spirit that overcame Lucifer in the primordial beginning and later competed with Lucifer on the famous mountain for the body of Moses. This was the angel Michael, who embodied himself on earth as Sehel in the time of Adam, almost 3,000 years later as the prophet Elijah, and again about a thousand years later as John the Baptist.

But this John, as a human being, could know nothing of his high spiritual origin. Just as every human being could not suspect who he once was in the primordial beginning. (We are not speaking here specifically of incarnation and regression.) (GGJ1-5:8)

Some people are former angels in heaven. According to Jesus, some serious sins cannot be easily committed with them. Not even with Elijah, Moses, or Isaiah. These were former angels who had an important task on earth to support the incarnated human souls on earth and many more, through the narrow path into the material body, on their life journey. (After all, every human being has two accompanying spirits).

The three disciples on Mount Tabor (Mount Arbel west of Tiberias) recognized that John the Baptist was ELIA. (GGJ5-237:6, Mt 17:13) The Pharisees at that time hoped that Moses would return with Elijah. But these two unexpectedly joined Jesus on the top of a mountain, for they saw, to their horror, the deceased John the Baptist as Elijah. They also saw Moses as Zechariah. For Jesus had opened their inner eye. (John 5:45, GGJ6:4-7; GGJ7-103:5) How would we consider ELIA in this age?

What is the meaning of the judgment that will manifest before the return of Jesus'? It is the love of the Lord, the radiation of His love. This love in its infinite firepower comes upon the path of life of every human being. (HIM2 42 0630-7) Those who allow themselves to "glow up" by this Elijah will also exist in the coming lake of fire of his infinite love.

But worldly, material-minded people will flee from this love and choose the path of nightly darkness. (8)

We must make this Elijah our own. Now that the foregoing has been explained, it may also be understood that the Elijah of the Old Testament at that time ascended to heaven with a fiery horse and a chariot of fire, which signified nothing but his great love for the Lord. (10)

We should beware of 'such Elijah' lest we be destroyed by his great fire (of love). A true prophet, including Elijah, does not ask for money, gold, or silver, or a fee. (Him2 420704 3)

JOHN on PATMOS and Swedenborg

The evangelist John on Patmos had visions. He saw in pictures or symbols what would happen in the future. Swedenborg saw all these things in REALITY. He stepped out of his body and was often in the spiritual realms where these things that John saw on Patmos, were also taking place there. The ecclesiastical life indeed lives on in the hereafter. Swedenborg could testify to fulfilled prophetic images, such as those of Daniel, Jeremiah, Isaiah, and Ezekiel.

In the four-volume work, "The Apocalypse Unfolded", Swedenborg explains that each image he saw is consistent with what was dictated to John, the visionary and writer, and what John also saw. The Apocalypse is no longer a sealed book.

The American writer 'Helen Keller' [1880-1968] pointed out the parallels between John on Patmos and Swedenborg. The bible book REVELATIONS lies wide open and the messages we read in it, give full glory to the RETURN of the Lord.

In chapter 12 of John's Revelation, we read in **12:6 of 1260 days**. Several things stand out here. According to Swedenborg, it is the end of a church period [i.e. a period of faith] which would last 1260 days. Dividing 1260 by 360 gives 3,5. Why is there explicit mention of a "time" in this chapter, whereas Swedenborg insists on the end of a period of faith?

Chapters 12 and 13 describe our time of apostasy. A few things from Swedenborg's explanation:

The woman is the NEW CHURCH;
The fruit she bore is the LESSON:

Justification by faith is the DRAGON;

A great sign was seen in heaven: the SUPPRESSION OF THE WORD;

The suppression of the Word, which is a woman (the New Church) surrounded by the sun and moon under her feet (her NEW TEACHING).

Thus, in Swedenborg's "Apocalypse Unfolded" of 1759, every word and Bible text is explained in minute detail. Theologians could draw great lessons from Swedenborg's library, as well as from the New Revelations received from Jakob Lorber [from 1840].

A time, times, and half a time, all have the same meaning in Swedenborg as in '**1260 days**', which takes us back to THREE AND A HALF YEARS.

In the November 2016 Bulletin, No.13, Gerd Gutemann wrote to us: "**When can we expect the end times and their most important events?**"

Clues from old and new divine revelations.

For which end-time events did Jesus give more precise time indications? In the 2nd year of teaching, 30 AD, Jesus said: 'But you may take all things for granted, that about every two thousand years, there will be a great change on the earth. **And so it will be reckoned from now on**'.

In the first two years of His teaching time, i.e. in the years 29 and 30 A.D., Jesus mentioned (received from J. Lorber) in which period the following events would begin:

1. Special features of the end times;
2. 3rd World War ("one nation will go against another");
3. End of the military power of Islam in the battle for Israel;
simultaneous end of a great war;
4. "Enemy from heaven" (natural disaster from the cosmos);
5. **Reign of the Antichrist for 7 years;**
6. Time of great tribulation (persecutions of Christians);
7. Personal return of Jesus;
8. Taking out the faithful;

9. End of the "false seat of Peter" (Vatican of Rome);
 10. "Final judgment" on all the wicked by man-made burning of the earth's surface;
 11. The renewal of the earth, the beginning of the kingdom of peace.
- (Quelle: www.j-lorber.de)

The completion of the unfolding events of the end times, mentioned exclusively by Jesus, will take place from now on for another thousand and not another thousand years, i.e. 'not the full' 2,000 years, after 'almost 2,000 years'. (Note: '**after about not a full 2,000 years**' (prophesied in AD 29-32).

Since the prophecies of Jesus (via Lorber) date from the teaching years AD 29-32, and since the Second Coming of Jesus, the salvation of the last believers, the downfall of the false seat of Peter, Islam, and all the wicked through the Final Judgment by Fire will take place on the same day, these interrelated events will take place between now or 2031 at the latest. (Gerd Gutemann uses 2024-2025 here).

Regarding the current developments, which are admittedly piling up rapidly, the world will certainly have a lot to deal with in the next few years. The global process will certainly take place. Incidentally, this process seems to have started as early as 2023, with the first contractions occurring in 2020.

As to the duration of the reign and the end of the Antichrist, biblical and more recent references provide further information.

The Antichrist will reign for about 7 years. (Dan.8:13ff.)

During the last three and a half years, he and his followers will fiercely persecute Christians and all who believe in God. (Dan.7:25, Dan.8:13, Dan.12:11, Rev.13:05)

Three full years will pass before collective Christianity has passed the test of faith, only to be strengthened in itself, but have rejected the World.

During these three years, there could be a separation!

The world with its followers (antichrists) will try to maintain total separation from faith in God.

The believers will increasingly try to unite more firmly and devote themselves more intimately than ever to their Saviour and Redeemer.

But the end of anti-Christianity and its followers will come through a final judgment by fire. (Dan.7:26).

On Gerd Gutemann's homepage, there is a quotation from Bertha Dudde on this subject, while JAKOB Lorber in several places in his manifold works by the Lord goes into detail about Jesus' predictions concerning the end times.

BD 5606:

'I end the cruel game of My adversary.... When he thinks he has won, I will come on the clouds and judge the living and the dead.... I will take Mine (by taking away) and perform the work of destruction (burning the entire surface of the earth) on the earth and all its inhabitants. The tribulation will be great beforehand, but my love will save you, and my power will put in chains him who is against me, for his time is fulfilled."

We do not know the timing of the coming great judgment by the "enemy from the sky (catastrophe from the cosmos), but it is clear from the above that this will all take place before 2032. The New Revelations of Jesus through Lorber, indicate that the Second Coming of Jesus will be preceded by an extreme and most severe judgment. This judgment will take place through the "enemy from the sky". A celestial body coming from the cosmos will cause a tremendous natural catastrophe. This is evident from the following news reports:

This approaching natural spectacle will cause extraordinary anxiety among people, and the fear is not unjustified. Such strange phenomena will accompany the star as it draws ever closer to the Earth, and a common collision seems inevitable according to the calculations of those who have discovered its appearance and are following its course.

Bertha Dudde is quoted once again: 'But I have said it long before that 'I will send you an enemy from the sky and that a natural disaster of greatest magnitude will come upon your people which will be the end.... i.e. the total transformation of the earth's surface will precede and cost many countless victims'. (BD 7423) This statement by Gerd Gutemann can also be read in our Bulletin No. 13.

(It is not yet clear whether the total transformation of the entire surface of the earth awaits humanity soon or whether it will only occur in about 1,000 years).

What we know from the literature of Jakob Lorber is this:

'There is already a star in the east that will break Orion's orbit, and the fire of the great dog will consume them all, and I will hurl stars in the great multitude from heaven to earth so that the wicked may all perish and My light shine in all places'.

But this is so much that they must earnestly go within themselves, fully recognize themselves, and then faithfully and truly present their found weaknesses in their hearts to Me. I will wipe the dirt from their hearts and fill them with the fire of My divine Fatherly love. And thus purified they shall then present themselves to the priest through and in confession, and then I will come and hold the joyful banquet with them at the altar. (GH 1.1.12,13)

(Note: By star or stars here are meant the 'truths of faith' that will address people. And this can be tremendously confronting. The plural form is even more confronting!)

And towards the end of the time of this earthly people - and thus not of this earth - it will be exactly the same: True, men will then no longer dig mountains down to their deepest foundations, as the gold- and gem-seeking Chanochites did, nor will they be able to take action against the Romans; but they will begin to penetrate the interior of the earth with all kinds of machines, driven by the power of fire, through unimaginably deep shafts and holes, through which highly combustible gases will come to the earth's surface in great masses.

And when the atmosphere is saturated with such gases, they will ignite almost all around the earth and burn everything to ashes. Very few people will be left alive. But those who remain will then be real people. These will then truly inhabit a completely renewed earth, and you and many who come after you and are awakened in My name will be their teachers and guides'.

'Only then will My kingdom spread completely over this earth, and the people of the sun will form a completely equal community with My children of this renewed earth and grow up in the love of My true children'.(GGJ-6-207-12)

If we again consider the analogy of 1260 days which can be compared to 3 ½ years, and we count from the middle of **2023**, then if we continue counting at 1260 days, by the end of 2026 the first 3 ½ years would be over.

According to the New Revelation and the Scriptures, the CONDEMNATIONS of SATAN [who may have already been released!] will last a total of 7 years. The end of it would take another 3 ½ years. (2030 at the latest) After all, Jesus said, **'It will be less than 2,000 years yet!!!'**

That will be SEVEN LONG years. In Rev.**12:6** the woman is **not merely** called THE NEW CHURCH: "And the woman fled into the wilderness, where she hath a place prepared of God, that she might feed there **a thousand two hundred and sixty days.**" (**1000 + 260 = 12.6.0**)

According to Swedenborg [546] there will be few at first, but there will be more and more until the new church grows in its own statute. The desert is a place that is still desolate, that has yet to be made "fertile".

A desert is unimaginable, a place where NOTHING is expected. Swedenborg and Lorber mean that this "desert" has to be made fruitful and that the desert is a place where one can meet in such sphere of "like-minded people of the New Church" and exchange with each other the NEW WORD of Jesus. Again, the analogy of the desert is that the fruitful then arises naturally.

There is a connection to 12-6 and the 1260 days. The Hebrew word for 'horse' is SOES with the numerical value 60-6-60 = **126**. According to Swedenborg and Jakob Lorber, the horse symbolizes the intellect or the MIND.

Our word 'system' is derived from this: Soes = SYS and 'Teem' = TOOM. (tame) You have to try to keep in control a horse. This requires a 'system' that coordinates. Otherwise, it will not work.

In chapter 12 of Revelation, it seems that the time of the seven years has already come, and the next chapter of Revelation may confirm this.

Verse 18 [6+6+6] speaks of 666: "Here is wisdom; let him who can SEE calculate the number of the BEASTS. The number of a man, and his number is **six hundred and sixty-six**.

Certain Bible chapters are specially numbered, for example, **Psalm 119, which contains all 22 Hebrew letters**. All eight verses are followed by a Hebrew letter beginning with ALEPH.

119:1: Aleph
 119:9: Beth
 119:17: Gimel
 119:25: Daleth
 119:33: Heh
 119:41: Wav (=V)
 119:49: Zajin
 119:57: Cheth
 119:65: Teth
 119: 73: Jod
 119: 81: Kaph
 119:89: Lamed
 119:97: Mem
 119:105: Nun
 119:113: Samech
 119:121: Ajin
 119: 129: (Peh)
 119:137: (Tsadee)
 119:145: (Qoph)
 119:153: (Resh)
 119:161: (Shin)
 119:169: (Taw)

Consequently, Psalm 119 must then have $22 \times 8 = 176$ verses! The **126th verse then reads: "It is now time for the Lord to intervene, for His law is broken!"**

Psalm 119:8: **Thy commandments will I keep;**

Psalm 119:176:... **for I will not forget Thy commandments.**

Similarly, **12-6** can be seen symbolically as a division, so to speak, between the two hemispheres of the brain. The emotional side on one side, and the rational side on the other. In these end times, one must keep a "cool head" and use one's mind "wisely".

The whole Hebrew alphabet David explains as it were in veiled language, e.g. at the Hebrew letter P, beginning with verse 129 etc. where David speaks e.g. of the testimonies and words of the Lord. (Mouth in Hebrew means PEH, - who speaks, opens the mouth , etc.) The reader will nevertheless easily understand such analogies.

Anyone who wants to read Swedenborg's books would do well to download his glossary, in which almost every subject is listed in an index with its meaning.

Swedenborg speaks a language that seems difficult at first sight, as he repeats himself several times as if to say, "then you better learn this".

It is so important what he has seen and written. His literature, along with that of Jakob Lorber, is excellent as a reference book for all theologians and priests and those who feel connected to these subjects.

May these unfathomable pearls of wisdom of the Creator in the Bible have an even greater effect on man and may he receive much light that "illuminates" and "enlightens" him. So may it be.
