**Dear kindred spirit friends of Jakob Lorber and related servants as Emanuel Swedenborg and Gottfried Mayerhofer and further writers of our Lord Jesus.**

The new doctrine of Truth is reported to Jakob Lorber in a non-mediumistic way. This divine doctrine has existed for over 150 years in book form and was taught nearly 2,000 years ago, to the students and the people of Jesus, in what was then Palestine. The New Revelations of 22-26 after Chr. were revealed again in 1840 to the Austrian writing-servant- or Prophet Jakob Lorber, as once happened with the favorite disciple of Jesus - John on Patmos - who has received "image apparitions" and those images went by to his eyes as if he himself has been there. Lorber received his information not on inspiration, but he was in full consciousness dictated by the Lord Jesus Himself. Lorber was not a mystic - but he received his information from the Lord in his heart; So there was nothing secretive or mysterious about this.

## Contacts and reactions

We received friendly and useful responses to the Jakob-Lorber-Bulletin Nr.22. Reactions will be published to the incoming order again:

The send copy [preferably between the 15th and 20th of a month] is processed in the next issue. Incoming copy outside the specified dates is then postponed and is naturally included in the subsequent publication

N.N. from Germany

Dear Gerard, I would like to correct your German texts. I was a German teacher at the gymnasium. Of course, I do not charge money for this.

Please contact me.

Kind regards,

N.N

## **Answer**

Dear N.N,

With pleasure, I have received your message. You have made me very happy with this. I was very worried about whether anyone would ever report for it.

I asked God if he wanted to send me someone to help me with the German translation. And that is not quite so obvious. Thank you God and may rest many blessings upon your (our) work N.N! G.

## **Manuela from Portugal**

Dear Gerard,

Greetings from our church to yours and all brothers and sisters in the Lord. We are sending with joy, our English Bulletin from August 2017. We want to thank you for your kind words and fraternal gesture of referring "The Voice of Bethany" in Portuguese, English and Spanish in your bulletins. We are going to do the same on our site, mentioning your beautiful Dutch website, plus another two: one from Italy and another one from Brazil, to join this way the friends of Jacob Lorber we know - inter-linking our common aim of spreading the Word and His teachings over the world.

God willing they will be on our site: [www.refugiobetania.org](http://www.refugiobetania.org) next month.

May God guide and protect us all who love Him in spirit and in truth.

I'm sure that our Holy Father, the Lord of the impossible things, will find a way for you to carry on with the wonderful work that you've been doing as He does with us.

God bless you deeply dear brother. You will be in our heart and prayers.

Your sister in the Lord,  
Manuela

**Answer,**

Dear Manuela,

Thank you for the praiseworthy words. We are very pleased that a mutual international interaction can take place. At least we have set the example and perhaps other Lorber friend communities, anywhere in the world, are following this.

I also read your bulletin. It is beautifully summarized in about 13 pages. I still do not manage to keep to the plus minus 16 pages of our bulletin, which I once promised to our readers. That would certainly increase the readability and intake.

However, it may be, I wish you a lot of strength in the "good works" of spreading the Jacob-Lorber-Teaching and the associated world communion with God's blessing.

All greeted in our Lord and Father,

Gerard

## **Hildegard V. from Germany**

Dear Gerard

A girlfriend made me aware of the following text:

We carry the divine seed, thus the divine spark in our hearts. In the book of Karl Ledergerber, "Mit den Augen des Herzens" (1995, Biergheim) can be read e.g. (and freely formulated):

In our heart is a fifth chamber. It was announced by Dr. Hanish in the 1920s. This fifth chamber in the heart that we all own is an airless cell, which represents a full vacuum [an airless space].

The sky we know is only a cover for all our planets. In the universe, a vacuum is dominated thus an airless space. And so is it also in this cell of our heart.

Dr. Hanish manufactured a picture of this cell with a microscopic camera and increased it a million times. He discovered that there was an upright, adult, sexless human form in a completely youthful appearance in the heart chamber. He called this heart chamber as the keyhole to the spiritual world.

Greetings with friends,

Hildegard

## Answer

Hello dear Hildegard,

You have sent us a very special article. How special is this fact? Yes, that reminds me of humans as microcosm being. What we are in the small, we are also at large as macrocosm being. Man is thus seen as a fivefold being, standing upright, with both hands spread. [For example, refer to Leonardo DA Vinci, who also pointed humans this way]

Rudolf Steiner already spoke about the so-called 'fifth chamber' of our hearts, as a new organ with which we can control the life force. This is an ethereal organ, which allows us to be aware of the "ethereal Christ". **Bees already have a fifth heart chamber.** The bee has its roots in the sun. The worker bee is a sun creature that lives on Earth, but carries the sun process. That's why it's totally focused on the rotation of the sun, which takes about 25 days. The worker bee lives in and through the solar powers that are hidden in the Earth's matrix. In Hebrew stands the "bee" for the WORD [and deed] and that Word is the Lord Himself. G

### Albin P. from Slovenia

A beautiful painting on the church, in the village of Lovrencna Pohorju.

Greetings from Slovenia.

Albin Podgrajsek

## Answer

Dear Albin,

This beautiful image on the church building in Lovrencna Pohorju reminds me of the giant Jonatha in Ostracine, who carried the Child Jesus on his arm when he was not so far away from the house of Joseph and Mary, Located in the part of the northern Egyptian city Ostracine, walked towards it, which took about 20 minutes.

I find it very special and remarkable that a country like Slovenia carries this image on her church ... Thanks for this picture! G.

## Wilhelm E. from Germany

Hello Gerard,

Thank you for the August Bulletin. In that, Klaus Opitz writes that there are no analyzes of non-Christian religions in the New Revelations. **At the link to the Earth,** we find 25 pages of description by Jakob Lorber of non-Christian religions, which can

only give God-as-Jesus Christ, because with His omnipotence, as known, He certainly has not to fear the Heathens.

For the German speaking, **the link to the Earth** is easy to find under:

Greetings to God, Wilhelm

## Answer

Dear Wilhelm,

Nice that you have researched this. Perhaps Klaus will take a stand for this. The link you have indicated speaks for itself. You end every e-mail contact with: greetings to God, "which in some way amazes me a little. I do not know if this expression is common in Germany [although I have lived in Germany for almost 17 years], I would express this somewhat differently. G.

# The virtue and we

by Gerrid Setzer

In The Dresdner Town Hall, the walls of the town hall are decorated with 16 giant figures, composed of many sandstones and representing the various virtues. One sandstone figure means "the goodness".

There is a very well-known photo, taken in February 1945 of the air attacks on the city of Dresden. It shows the figures of the virtues, which look down on the completely devastated city of Dresden. Ironically! People want to honor the virtues, yet they still focus on the horrible events that completely contradict the "goodness".

With the virtue of 'goodness', it is with us people not so good anymore. "Most people will proclaim every one his own "goodness"; but a faithful man, who can still find him?" (Proverbs 20: 6)

But thank God we may know a good God, who also proved these virtues: when, the goodness and human love of our holy God appeared, He saved us, not by our works which we did in righteousness but only According to His mercy '. (Tit 3.4.5). [Bible: Proverbs 20,6; Titus 3,4.5]

## Apocalypse?

In the Easter night of the year 1200, **Joachim Di Fiore** saw with his prophetic eye, the undergoing of the Christianity, how the church of that period was, and which, as it were, was rolled up at dawn.

What came after that, was that the abbot of Fiore had the science on his hand. Relying on a serious Bible study, but especially illuminated by the mystical knowledge of the "last things" of eschatology, Joachim Di Fiore described the following:

He predicted in his time, eight hundred years ago, **the disappearance of the Christianity**. He had a special gift and he also had an entirely own theory about the 'end of times'.

He wrote a comment on the Apocalypse, dividing the history into three major periods.

1. The era of the Old Testament was about the Father;
2. The era of the New Testament was about the Son;
3. The third and future era is about the Holy Spirit.

In this way, the idea of the trinity was connected with the thought of a Third Kingdom, which at the same time would be a Millennial Kingdom.

Joachim van Fiore believed that the world was at the threshold of a new Utopia, a "spiritual era" of reflection and asceticism, in which the monastic life might take a high run.

The idea of a thousand-year Kingdom, **which would be coming after the period of Christianity**, had a long tradition in the history of Christianity.

In the Bible Book, The Revelation (20: 1-6) is already the first mentioning, **"They came alive and reigned together with the Messiah for a thousand years. The other dead did not come alive until the thousand years passed."**

In 1966, someone received a vision in the Benedictine abbey *Slangenborg* of Doetinchem. Lying **on the narrow bed of his monastery cell, he saw thousands of years passing through his mind's eye. Four thousand, two thousand, one thousand, so it was predestined in the Bible. The world was on the threshold of a Millennial Kingdom after two thousand years of Christianity.** There was a gathering of the mythical four millennia since the Garden of Eden. **Paradise would return to Earth, the promised land would be very close.**

"And yet that third kingdom will not be without the signs of both of the preceding signs, that is, a perfection of what was previously given for provisional reasons and

therefore to be regarded as a spiritualization!

## What do I have for all your sacrifices?

What do I have for all your sacrifices? Says the Lord. I am saturated with the burnt offerings of your rams and the fat of your fattened calves.

I have no pleasure in the blood of bulls, lambs and goats. When you reach out your hands, I close My eyes to you.

Even if you multiply your prayers, I do not listen to you: your hands are full of blood ...

You rather learn to do good, do justice, help the oppressed, provide justice to the essence, and defend the widows. "[Isaiah 1: 11,15,17].

## Imagination or Reality?

Emanuel Swedenborg, an 18th century scientist, had regular visionary powers and came across various spheres - also on various planets [see booklet 'Earthballs'] - he spoke with many spirits [called alien creatures by us] - Swedenborg spoke about these encounters in a rather dry encyclopedic style like a free scientist. He visited e.g. the planet Mercury. In our language, this has to do with the element 'mercury silver', which is lightning fast. Now the theme of UFO activities appears to be current. One suspects that alien creatures - like the UFOs - visited the Moon and the planet Mars.

From Lorber we know, that these planets do not have a breathable atmosphere and that 'astronomers' need to take oxygen if one wants to survive there for a short while.

It is also interesting that Swedenborg describes the Mercury inhabitants as creatures who gather their information from someone else's memory. (*Heavenly Arcana*, n. 6811) - The special group 'Mercurians' had a great knowledge of other Solar systems. The spirits of the mercury communicate at an enormous speed, which goes far beyond our understanding. (*Heavenly Arcana*, n. 6812)

They have a certain habit of exploring [the scouts!] to find out how other human beings live in a different Universe, possibly built further on that and expanding their knowledge in this way. They are the collectors of what they know.

Swedenborg says that "what is often done in the spiritual world corresponds to what one did in his earthly life!" In fact, Mercury inhabitants boast about their knowledge and are far and generally more haughty than other civilizations of other Solar systems. (*Heavenly Arcana, n. 6813*)

Nevertheless, all this knowledge seems to limit them, more than the Earth's inhabitants, who have a material approach. The Mercurius inhabitants see the Earth's inhabitants as materialistic "primitive" bound creatures. The creatures of Mercury love to Travel in the Universe to many solar systems and the possibilities for this are not memorized. All this to collect as much knowledge as possible. They do not stay in one place for a long time, but wander through the Universe to acquire knowledge everywhere in the atmosphere of many Solar Worlds or Starsheavens. (*Heavenly Arcana, n. 6925-26*)

With this knowledge, the Mercury inhabitants form a GLOBE as it were. Because they are able to project their thoughts on something - and it is there - and their speed of thought is faster than the speed of light. This may be calmed down at the unprecedented speed of a UFO, who can just hang in the air without even falling down and just being lost in sight.

Of course, there are more planets that are inhabited by the human race in the solar system. Mercury inhabitants are aware that many universes are inhabited by human beings throughout the Universe. (*Heavenly Arcana, n. 6927*).

Nowadays, it is not possible to deny that UFOs actually exist. It's not a fantasy thought. There is even evidence provided by the NASA about the existence of UFOs. These unidentified objects exist in the heaven.

The Bible and Jacob Lorber, however, do not describe anything about higher evolved civilizations populated by a kind of humanoid system, and which, through interstellar travels, honor us with their visits.

Psalm 115: 16: *"Heaven is the Lord's heaven, but the earth He has given to the sons of men." The Earth is the center of the universe in the field of intelligent life. In Ephesians 6:12 we are seriously warned.*

We must take up the armor of God *"for we do not fight against flesh and blood, but against the authorities, against the powers, against the world's rulers of the darkness of this era, against the spiritual powers of evil in the heavenly regions."*

You can treat it like a laughing matter. But the people who are exposed to UFOs and aliens live for the rest of their life with psychological scars.

The enormous attention and interest in the occult and the paranormal in general and UFOs in particular, is a feature of the end time. It is part of the great deception and preparation for the Antichrist as described in the Bible. The many films about this theme are here already, perhaps a small, but important part.

### THE PROPHET EZEKIEL

*And I looked, and behold, a whirlwind came out of the north, a great cloud, and a fire infolding itself; and a brightness was about it, and out of the midst thereof as the color of amber, out of the midst of the fire. Also out of the midst thereof came the likeness of four living creatures. And this was their appearance: they had the likeness of a man. (Chapter. 1:4,5)*

Ephesians 2: 1-3 speaks about: "**The powers of the skies**", But what he means by that, sure are no UFOs and Aliens!

The air vehicles also made noise, which is described as the sound of many waters, or as the noise of cogs, or as a strong wind.

In Exodus 21: 6, 22: 8-9, 22:28, there is also talk about gods in the plural, see also John 14: 2. Isaiah 31: 4-5 speaks of "**flying birds**", ". This, however, is meant by the spiritual law in analogous relations.

Zechariah 5: 5-11 and 6: 1-8 speak not about UFO phenomena and such interpretations are the thought of the world.

When Ezekiel stood at Chebar next to Nippur, a large cloud and a lot of wind came. Glowing creatures appeared from the cloud, which looked on people, with hands and legs, and with four faces and wings. There was a loud noise of their wings. **[Note: This has nothing to do with UFO']**

Psalms 18 is wrongly related to it: verse 10 (18-11) And he carried on a cherub and flew; Yes, He flew very quickly on the wings of the wind. Lorber talks about the "enemy of the skies" and the "lights." Here too, something completely different is meant than the usual opinion. Because you cannot connect this with UFOs

**The representatives of the UFO Theory** connect the latter to the countless people of all kinds who saw unidentified objects [UFOs] in the sky, which are commonly referred to as flying saucers. They support their views on the following revelation of the New Revelation and believe that alien people will be intervening in the chaos of the present humanity: Jakob Lorber: "Now comes the time where I will open the view to the Earth for the inhabitants of the larger planets and I Will make them clear to the view of those who have searched for me and come to this earth. Then one will be greatly moved, and this event will extend from Venus to even Urka, and then it will happen that The powers of the heavens will be moved "and there will be heard a powerful voice from all sides to the inhabitants of the Earth ..." (JLwr.069) - Kurt Eggenstein - Others interpret this message so that the Inhabitants of other celestial bodies, will share a spiritual help the Earth people.

That other world bodies are inhabited by humans, according to the multiple statements of the New Revelations, there is no doubt. The Word of the Gospel about this: "I still have many sheep who are not from this sheep stable, in fact, according to the explanation of the New Revelation, Jesus has pronounced it much more precise, apparently, a mutilation was apparent later. The full text reads:I still have many herds who do not live in the sheep's stables, but who live there according to their nature on countless many other Earth and world bodies, and all of them must be led into the sheep's stable of the eternal life. " (Jl.spiritualsun1.061.09)

If the opponent can act as a light Angel, he is also able to manifest itself in arbitrary appearances. Including numerous UFO objects. In the New Revelations and the Bible there is no word about UFO's. Nor is it about the material connections of the star inhabitants with other stars or planets. Between heaven and earth, there are some things happening that are not from God, but the opponent who took his

position. But everything that does not come from God should not be underestimated or even relativised.

The flying objects appear in multiple and flashing lights, and float motionless, sometimes with multiple UFO formations at the same time, as luminous discs in various colors as circular objects with a curved back shape.

UFO objects are capable of forming themselves, but they are also able to dematerialize. These are not really material phenomena, but phenomena of the lower spirit world. This is the world of the spirits and that is the world of the ether for our concepts. Ether is the pre-existent antimatter '. However, it is still not a purely spiritual thing, but it has more the same substance of the soul.

Highly sensitive people can often see half-etheric beings, such as cobalts, gnomes or other ethereal forms. UFO phenomena also belong to this, though from a non-earth dimension. The manifestations about Fátima in Portugal from 1915-1917 were apparently demonic signs. In the cave of Kis, Faustus saw strangely painted portraits on the cave walls and he asked Jesus, who had made such paintings. Then Jesus answered the Supreme Court Faustus, that these were also the works of His opponent. [GGJ2-4 and 6]

In 1869, Catharina Adelma Vay described in the book, Spirit, Power, and Dust, "that the demons have tried through electrical light phenomena to notice non-fallen spirits and to awaken their curiosity.

The book of Hans Malik, the Baumeister seiner Welt ', describes: The demons developed in the atmospheres to the borders of their empires the underworld, electric light phenomena and a game with color variations.

In the midst of the electrical light effects, the demons are the driving cause behind these phenomena.

In the Bible book Judas in the 6th text, it is described that even angels who fail to observe their heavenly state should leave their place. The Lord remembers them until the day of the great Justice, to be banned to the eternal darkness. Likewise, Peter 2 and 4 describe: "The angels who have sinned!" This process has not yet been completed until today and according to Jakob Lorber, it will last forever.

The fact that this is taken into consideration is an increased risk. Because the universe is full of poisonous spirits. Ephesians 6:12. Those faithful servants are my opponent to spoil the people.

Demons are not inhabitants of other stars. The spiritual eye can decide a spiritual energy spark also in a form.

And take the power of the will into arbitrary forms: Bishop Martin 191-200. Lorber writes about the light beings, whoever wants to exist in such lights and fire, must

already have all that light and fire in himself. " According to Max Seltmann, the sun people are addressed as light beings. [Heimgefunden, page. 137, 143] - see also Exodus 20: 5, 34: 7, Lev. 14:18 and Deut. 5: 9. In GGJ10-195: 7-11 is speaking of the so-called alien. The images we get are not real.

On the moon are foot prints found of 13.5 cm. long. This corresponds to the science of a six-year-old child with 95 cm. size. In GGJ7-58 paragraph 20-24, it is said that the inhabitants of the moon are small, gray, human-like beings who, according to their small size are sooner called goblins than humans. See also Earth and Moon, Chapter 2. This is about half-material beings, which one can find entirely with a 'child's foot'.

The moon-inhabitants on the opposite side of the earth are not physical people, but semi-material [Earth and Moon 1]. The moon-inhabitants breathe a gaseous ether substance. [Earth and Moon 2.]

People on Earth are being misled by these mysterious phenomena. [See 2 Thess.2: 9-12, 1 Tim.4: 1-2 and 2 Tim.4: 3]

Who cares subtly with the works of Jacob Lorber, can easily realize that numerous celestial bodies are enclosed in a variety of settings, each with her own envelope or atmosphere. Consequently, this results in a vastly different degree of the diversity of the inhabitants of other stars in their different situations.

The scientific opinion, which in no way matched this declaration in the past, has been fundamentally changed since several years. Today, according to the statement of NASA's scientific leader, Dr. Ernst Stahlinger, in the world space there are numerous world bodies with good intelligence, finds far-reaching approval. In this respect, the astronaut Stahlinger explains, that there has been a fundamental change about earlier performances. [Source: 266]

To the extent that some messages of the New Revelations do not match the scientific knowledge, as the previous case shows, there is no reason to doubt the truthfulness of the New Revelation. Scientific knowledge increases and often result in a fundamental difference in opinion.

**WHAT YOU DO FOR THE POOR, THAT YOU ALSO DO FOR ME!**

(Greifenburg, on 11.02.1845) - To Andr. H. W.

[Received through Jacob Lorber in 1840 by Jesus]: My good Andr. H. W. What you do for the poor and what you do with My servants, you do that directly to Me; For in the poor I am poor in the world, and in My servants I live for all of you as in the fullness of the power of the Word from My eternal love and wisdom, which, although in the world, also binds poverty - and When and wherever she comes, the more wealthy she is in the spirit of eternal love from Me!

Is this love also caught in the dungeons of the world, where the hard hearts are, she still serves everyone to the salvation of the eternal death. And if this love is also poor for the world, she still gives everyone everything. If she is despised and mocked, she still shares the great honor forever. If she is even killed by many, she still gives everyone life. If she is torn and tortured to pieces, she still gives it all that she gives! - For the cripples she gives that, what remains straight for the unequal the equal, for uneven the even, for the bitter the sweet, for vinegar the best wine, for the night the day - and so everywhere for the good, the bad and The noble for the un-noble!

If, however, love is giving all the good to the bad, what can you expect first, a giver of the good, through this, by my love?! Therefore do my servant who has this love of Me in himself, what he wishes, and so your pay must be very great in this love of Me in the servant forever, amen! - That speaks of eternal love, amen, amen, amen.

## **In the robe of poverty, the Lord often comes to his children**

Take care of everyone! Nobody is too small to you, no one too big, because in God's Kingdom there is complete equality between all positions and all nations.

Only in the robe of poverty, the Lord often comes to His children on earth, but they do not recognize Him because their conception of gods is already haughty [Heaven and Hell- Robert Blum, Part 2-275: 15 and 276: 13] - Gifts of Heaven, Part 3 - Jakob Lorber

## An astronomical and natural scientific treatise

by Christoph Schindler

[Editorial staff: an abridged version!]

This explanation owes its origin to the Bible text, Revelation 11:18, which expresses the fact that Jesus will destroy those who have ruined His Earth. They are the ones that can be seen as the civilization winners of our time since 1980 [the beginning of the extinction of the forest].

It is also those who, contrary to all reason and with self-responsibility have protested against the loss of jobs, although it was not at all about this state of affairs, but only about a maximum increase in profits, in order to increase their own power and influence, deprived of lower pleasure, and to make this happen.

The forces of heaven are shaken as Isaiah prophesied 500 years before Christ. The reason for this is the increasing global warming due to the nocturnal heat exchange to the atmosphere and the stratosphere. The earth is enveloped in the increasing mass of fine dust and carbon dioxide, and is therefore moving faster around the sun as well as around itself and this forces the forces of heaven to shake and forces Jesus to intervene before even worse things happen.

This was the intuition, which prompted me to work out this astronomical-physical treatise. Very revealing and interesting results have emerged:

What is our nearest Central Sun, around which our Planetary Sun is circling its course? The distance between the earth and the fixed star Sirius is 400,000 times the average distance of the earth to the sun. This is what is stated in Volume 3, Chapter 223, p. 478 of the Great Gospel of John. "If you can imagine the great distance of our sun from the earth four hundred thousand times, you will have the possible distance our sun next fixed star. '

The great proportions of the celestial bodies are given in Volume 6, chapter 245, page 480 of the Great Gospel of John: "The earth is certainly not a small world-body, and the sun is just about a thousand times greater than the whole earth; but the nearest Central Sun is more than ten times a hundred thousand times larger than this sun which illuminates our Earth. [Red: There are now many calculations ...!!] The diameter of the Sirius corresponds approximately to the distance of the earth to the sun, which is known as an astronomical unit (AE) with 149.6 million km.

The moon, which has an average distance of 380,000 km from the Earth, runs an identical circular orbit of 2386,400 km in 2.592.000 seconds. For the undisturbed round of the Moon, the Earth requires about thirty-fold Moon velocity in its annual circulation around the Sun.

**It is presumed that, as a result of increased solar radiation, the orbital velocity of the Earth in its orbit around the sun is increased or decreased.**

The moon, which has an average distance of 380,000 km from the Earth, can only be kept stable in its orbit around the Earth, with a double rotation speed. The Earth, on its part, needs about thirty times its Lunar velocity to travel the moon on its orbit around the sun.

The question arises: What speed is required for the orbiting of our solar system around the fixed star Sirius? If we calculate the orbit of the earth around Sirius with its orbital velocity around our sun, then its orbital distance is in km  $U1 = 2ttxAxBxCxDxE$  [Red. Here technical Calculations!]

From this it follows that the circulating velocity of our solar system around the Central Sun Sirius is about 2.5 times greater than the orbital velocity of our Earth around the sun, Sun and therefore approximately 75 km / Sec.

The distance of the Earth's solid star Sirius is indicated according to the "Grote van Dalen" 1965, with 8.8 light years. From this encyclopedia information, along with the indication of the distance of a light year of  $9,4605 \times 10^{12}$  km, calculated here are the distance for 8.8 light years of 83.25 billion km.

The radius, that is, the distance from the Earth to the fixed star Sirius, is, according to the received dictation of Jakob Lorber, 60.26 trillion km, or 6.41 light years.

It is suspected that the double star structure of the Sirius star under conditions may cause erroneous measurements, but it is very important to check this urgent question.

## The WORD, the WISDOM and the LOVE

All the books of Jakob Lorber and Swedenborg have an inner meaning and some sections in these divine works can, in a sense, enhance the inner meaning more or less.

One can also search the Bible in a useful way for the inner meaning. With the penetration into the inner meaning of the Bible and in the New Revelations by Emanuel Swedenborg, Jakob Lorber, one should make much more effort to do this. Because the best spirit is the love. The writings of Lorber and Swedenborg are written under the authority of the Lord. Lorber and Swedenborg seem to be connected with each other. The writings of both offer such a fullness that their texts are truly sufficient for an earthly human life.

**Franz Kreuzwegerer from St. Pölten, has dedicated himself to collect, translate and indexing much of Swedenborg and Lorber for a great part of his life. He is a great Swedenborg and Lorberexpert! In 1998, he wrote: "Some Lorber experts say to Swedenborg's writings:" this is only wisdom, "and we must love the love more and not stuffing yourself with the intellectually!" And so on. However, I would like to resist this short but powerful, what the Lord has said about Swedenborg and his works through Lorber:**

**The new Jerusalem through the Sphere of Swedenborg [SS 1, 16: 1-26]**

The Lord: "Our friendly friend has already been here; therefore, enter immediately into His sphere. This spirit you must also see again in his sphere and be guided by him a little. Also take note of what he shows you and what he will say, because from him some things will become clear to you which you have misunderstood so far;

because he is a disciplined guide, and there is much wisdom in him from Me. The spirit just speaks to you: Come good brother according to the will of the Lord; I want to lead you in the realm of truth and in the kingdom of love! I am the spirit of Swedenborg; and with this you have seen everything that was seen and granted by the Lord in my sphere.

#### **The Lord in BM 52: 1**

'After these words, I leave Bishop Martin very suddenly. In my place, there is already another angelic spirit, namely that of the bookseller already known to us. The latter, on the other hand, made great progress on the side of Petri, for which, indeed, the reputation of Swedenborg's published writings had greatly promoted him. "

#### **The Lord to Robert Blum in Heaven and Hell in RB 1-32: 10**

'If, instead of Hegel, Strauss, Rousseau, and Voltaire, you would rather have studied the German Bible, Swedenborg, and similar German descent, you would know perfectly well how Paul is to be understood.'

#### **The Lord to be an officer in Heaven and Hell in RB 2-254:**

'Reading from the books of the wise Emanuel Swedenborg has been very helpful to you, because you have also transposed the things you have read into deeds. But these neither have read My Word nor what I have revealed Swedenborg about My Word, and therefore must be here as full newcomers. '

The Lord in Gifts from Heaven I, page 17-10: 11 about three questions:

**'As far as Emanuel Swedenborg is concerned, the questioners are to try and see whether they can say such things without My wisdom. He was awakened**

by Me and led by My angels in all their wisdom from Me, according to the degrees of their love. And what he says is good and true.”

**Gifts from Heaven I, page 99:14 Theorem of the Church**

"Swedenborg has learned a great deal in Rome, which has helped him to open the doors to inner life a great deal; for he was someone who was able to obtain the essence from all of them, and actually took advantage of it."

**Gifts from Heaven II, pp. 53-21: From the glory of eternal love**

The Lord: 'Swedenborg is true and good, and you can believe that. - But believe this too: love is exalted above all and is holy! Therefore, whoever has this has everything; because he truly has Me. And behold, it is more than all prophets, all the apostles beside Peter and John, and so also more than Swedenborg. "

Franz Kreuzwegerer explains: "One thing we must always be aware of, even though we have received much of the inner meaning of the Word from the Lord: He continues to do so. He gives us the understanding of the inner meaning in the Bible and in the writings of Jakob Lorber, and at all that we recognize that the Bible, the writings of Emanuel Swedenborg and Jakob Lorber are God's words. In the end, he is the one who gives us the realization of knowing the truth for the sake of truth, so that we may then bring them to life by deed, and become true children of the Lord.
